

40' Albin North Sea Cutter

“Current’Sea”

The Albin North Sea Cutter offers an interior layout that is generally open and connected. The master stateroom forward and the aft salon/convertible stateroom aft provide the perfect arrangement for two couples or a small family.

The master stateroom is complete with a queen-size berth on the centerline, offering spacious and comfortable sleeping accommodations. There is a hanging locker with generous open shelving, and plenty of light and ventilation provided by stainless hatches and port holes. The master ensuite head is starboard and the separate shower and tub basin are located to port.

As you move aft from the master stateroom, you will enjoy the view of your surroundings with 360-degree visibility in the salon and galley area. There is a traditional pilothouse helm and side door to starboard and wealth of interior space to enjoy while underway or at anchor. The galley includes ample equipment and cupboard space for long range voyages, and the salon settee can be converted into a double berth for unexpected guests.

Aft of the salon and galley is an additional lounging area that serves as a second salon or a second stateroom. The u-shaped settee is perfect for watching movies or playing games, and it converts into a large double berth comfortable enough for two adults. A second head is located to starboard, and an additional entry/exit door aft leads out into the cockpit.

With it's elegant interior, hand-crafted design, wide array of state-of-the-art electronics and unbeatable price, this vessel is one of a kind.
