- Princess Louisa Inlet
- Desolation Sound

Testimonials

~Sensational sights of whales, glaciers, and bears have made this voyage on the Jamal the most fantastic way to see Alaska. Taking those narrow passages and hearing the thunderous crack of the glaciers remains for me the highlight of the trip.

~We have had a most fantastic cruise with a most generous Captain. Sally in the galley had the most satisfying food of any cruise I have been on. The sea lions and seals were great to watch and the whales put on a fine show, with their fluking and blowing. The scenery was awesome. The sailing was smooth. I will never go on a large cruise ship again. This is the only way to go on a vacation.

~There's nothing I could write that would express how truly wonderful this trip on Jamal has been. The itinerary you laid out was extraordinary, from the whale watching to the quaint harbors, but the best of all was the opportunity to spend time with three amazing women – the Jamalians, of course! Also, special thanks to Sally for forever raising our expectations of great food! I hope we all meet again! Thanks for sharing your love of Jamal and the Pacific NW with us!
