

## 37' Back Cove Sedan

“Taliesin”

In the path of the successful Back cove 33' and it's proven record in our charter fleet, the Back Cove 37' is the logical development from that simple yet efficient design. The styling remains that of the Down East boats. Her deep V hull and single diesel engine are the perfect recipe for seaworthiness and fuel economy united with an elegant design.

Cruising at 18 to 20 knots, “Taliesin” will comfortably take her skipper and crew to the San Juan Islands and beyond. We believe that you will love this quality mid-size boat featuring twin helm seats, airy salon, and folding doors leading to the cockpit. Her amenities include a mid-level galley, full size head with separate shower, guest cabin, as well as a large owner's stateroom. “Taliesin” has been equipped with you, the charterer, in mind. She comes standard with full electronics, a diesel generator 9.0kw, reverse heat system, DVD player, bow and stern thruster for ease of handling, dinghy with outboard, and two kayaks.

If you love the 33' but want a little more space; if you want an elegant, well-built boat that will take you in comfort to your favorite anchorage or marina; this is the boat you have been looking for. Plan a trip and let “Taliesin” make it a vacation.
