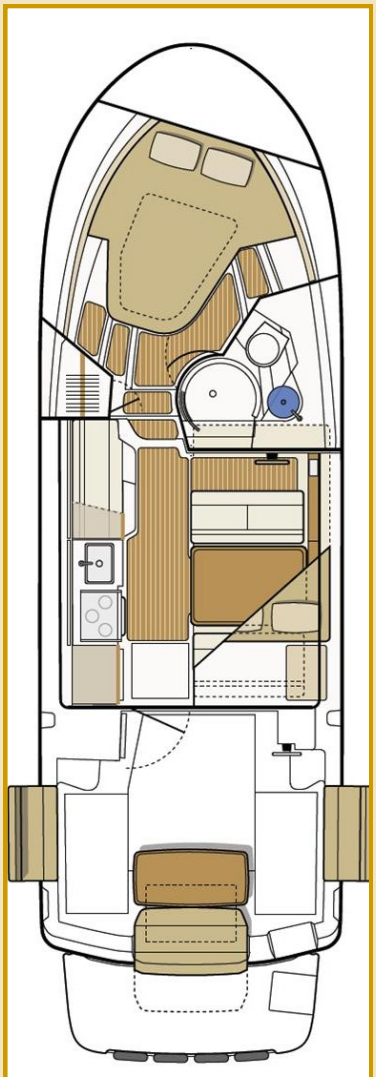
30' CUTWATER SEDAN

"EVASA"



The flagship of the Cutwater fleet of fast, efficient family cruisers brings onboard livability, luxury and convenience to a whole new level…and adds more than a few unexpected innovations. With its generous 10-foot beam, the hull provides plenty of volume for stretch-out comfort on deck and below, and our trademark Stepped Keel hull design places the engine lower than conventional hull forms allow, to ensure exceptional stability, as well as extra headroom in all living spaces.

The aft cockpit features an ingenious convertible seating arrangement, including side bench seats that fold outward from each hullside to accommodate four adults without taking up cockpit space; It's ideal for al fresco socializing.

With its efficient 435-hp Volvo diesel inboard, the Cutwater 30 cruises effortlessly and comfortably, delivering express service to even remote destinations; standard bow and stern thrusters ensure precise maneuvering and easy docking. For its performance, economy and comfort, no other cruiser can offer this kind of value.

Call today to reserve your charter vacation aboard Evasa!
